Design is a Funny Word

 Steve Jobs / stevejobs@apple.com to me ▾

Mr. Eduardo Santos,

Lorem ipsum dolor sit amet, consectetur adipiscing elit. In vitae massa eu volutpat. Nullam eget mi massa, a vulputate mi. Fusce ac lacus eget ante elementum. Quisque rutrum, ligula et tristique elementum, tortor dui dignissim magna, nunc ligula a nunc.

“ “Design is a funny word. Some people think design means how it looks in the光 you dig deeper, it’s really how it works... To design something really well you have to really grok what it’s all about. It takes a passionate commitment to understand something, chew it up, not just quickly swallow it. You don’t take the time to do that.”

[\(i\) George Jones](#) to me, Matt, Julio

Lorem Ipsum is simply dummy text of the printing and typesetting industry. It has been the industry's standard dummy text ever since the 15th century, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

I feel so delightful to receive your mail. It has been a couple of months since we met in Bali. I've been concentrating on my work like a workaholic since I came back from Bali. What about you? Have you finished your novel? Please tell me what's happening in London. I am planning to visit you sometime soon. Let's stay in touch. Bye for now!
